

Prof. Dr. Hartmut Stützel

Adresse*	Universität Hannover Naturwissenschaftliche Fakultät Institut für Gartenbauliche Produktionssysteme Abteilung Systemmodellierung Gemüsebau Herrenhäuser Straße 2 30419 Hannover
Fachgebiet	Agrar- und Forstwissenschaften
Spezialgebiet	Pflanzenbau
persönliche Website	https://www.igps.uni-hannover.de/de/stuetzel/

Projekte

Control of quality formation of cauliflower by subsurface drip fertigation

Bewilligung: 28.04.2022

Senior Fellowship for Dr. Fanomezana Mihaja Ratsoavina: "Land-use systems, conservation genomics and health assessment of lemurs within a newly protected area, Ambohidray, central east Madagascar"

Bewilligung: 26.06.2018

Extension Phase of Senior Fellowship for Dr. Lydia A. Olaka: "Quantification of Trends in Groundwater Storage over time and Development of Novel Tools for Sustainable Resource Management in the Central Kenya rift"

Bewilligung: 26.06.2018

Extension Phase of Senior Fellowship for Dr. Jeninah Karungi-Tumutegyereize: "Productivity and biological diversity in the coffee-banana system in the Mt. Elgon Region of Uganda - status and role of soil carbon stocks and nutrient balances in existing land management systems"

Bewilligung: 26.06.2018

Extension Phase of Senior Fellowship for Dr. Henri Tonnang: "Increased smallholder farmer's productivity by efficient use and application of environmental friendly insect pests control strategies"

Bewilligung: 26.06.2018

Extension Phase of Senior Fellowship for Dr. Rodrigue V. Cao Diogo: "Resource use efficiency and productivity of cattle farming systems across vegetation zones of Benin: Profitability and socio-ecological impacts of cross-breeding"

Bewilligung: 26.06.2018

Extension Phase of Senior Fellowship for Dr. Herve Bertin Bisseleua Daghela: "Biological control of soil-dwelling pests in traditional cacao agroforests of Cameroon using encapsulated CO2 associated with endophytic fungi"

Bewilligung: 26.06.2018

Extension Phase of Senior Fellowship for Dr. Luc Hippolyte Dossa: "Resource use efficiency and productivity of cattle farming systems across vegetation zones of Benin: breeding strategies for local genetic resources"

Bewilligung: 26.06.2018

Aus- und Weiterbildungsmaßnahmen für das Fellowship Programm "Resources, their Dynamics, and Sustainability - Capacity Development in Comparative and Integrated Approaches"

Bewilligung: 26.06.2018

Summer School Series on "Sustainable Natural Resource Management: Enhancing Knowledge and Skills of Young African Scientists for a Better Tomorrow"

Bewilligung: 25.06.2018

Gefördertentreffen der Afrika-Initiative 2016 "Wissen für morgen - Kooperative Forschungsvorhaben im sub-saharischen Afrika" zu den Postdoctoral-Fellowship-Programmen

Bewilligung: 14.06.2016

Junior Fellowship for Dr. Paul Roden: A Multi-Perspective Evaluation of Land Degradation in a Dryland Environment (Central Pokot, Kenya)

Bewilligung: 09.07.2015

Junior Fellowship for Dr. Fanomezana Mihaja Ratsoavina: Identifying conservation priority areas for lemurs in north-western Madagascar by means of modern conservation genetic approaches

Bewilligung: 23.07.2014

Junior Fellowship for Dr. Fabrice Amisi Muvundja: Environmental flow requirements of two dammed tropical Rivers of the Congo Basin (Eastern Democratic Republic of Congo)

Bewilligung: 23.07.2014

Senior Fellowship for Dr. Hervé Bertin Bissoleua Daghela: Biological control of soil-dwelling pests in traditional cacao agroforests of Cameroon using encapsulated CO₂ associated with endophytic fungi

Bewilligung: 23.07.2014

Junior Fellowship for Dr. Lailah Gifty Akita: Monitoring Ghanaian coastal water quality using biological indicators

Bewilligung: 23.07.2014

Travel Grant for Paul Roden: Natural Resource Dynamics and Patterns of Degradation in Semi-arid Lands: Perspectives in a Contested Social-ecological Environment, Central Pokot, Kenya

Bewilligung: 23.07.2014

Senior Fellowship for Dr. Henri Tonnang: Improved application strategies for entomopathogenic fungi (EPF) as biological control agents in integrated pest management (IPM) of agricultural pests

Bewilligung: 23.07.2014

Senior Fellowship for Dr. Lydia A. Olaka: Contaminants, distribution and transport in groundwater within the Central Kenya Rift

Bewilligung: 23.07.2014

Senior Fellowship for Dr. Rodrigue V. Cao Diogo: Cross-border and regional livestock mobility along the transect from the Sahel to Southern Benin: risks and opportunities for livestock production and agroecosystems

Bewilligung: 23.07.2014

Senior Fellowship for Dr. Luc Hippolyte Dossa: Cross-border and regional livestock mobility along the transect from the Sahel to Southern Benin: risks and opportunities for animal genetic resources and livestock production

Bewilligung: 23.07.2014

Senior Fellowship for Dr. Roger Daniel Randrianaaina: Diversity, ecology and conservation of freshwater fishes fauna of Madagascar

Bewilligung: 23.07.2014

Senior Fellowship for Dr. Jeninah Karungi-Tumutegyereize: Productivity and biological diversity in the coffee-banana system in the Mt. Elgon Region of Uganda: Establishing Trends, Linkages and Opportunities

Bewilligung: 23.07.2014

Junior Fellowship for Dr. Célestin Yao Kouakou: Improving large mammal populations monitoring for conservation management in Taï National Park, Cote d'Ivoire

Bewilligung: 23.07.2014

Koordination und Abwicklung des Fellowship-Programms Natural Resources

Bewilligung: 23.07.2014

Auswahlkonferenz "Natural Resources 2014"

Bewilligung: 07.04.2014

Koordination und Bereitstellung der von 15 Antragsteller(inne)n beantragten Mittel für Vorbereitungsworkshops im Rahmen der Auswahlkonferenz "Resources, their Dynamics, and Sustainability - Capacity Development in Comparative and Integrated Approaches"

Bewilligung: 01.04.2014

Gefördertreffen der Afrika-Initiative "Wissen für morgen - Kooperative Forschungsvorhaben im sub-saharischen Afrika" zu den Postdoctoral Fellowship-Programmen

Bewilligung: 14.04.2013

Cross-location modelling of resource use efficiency in West African urban livestock systems and scenario development for enhancing production efficiencies and increasing returns to livestock keepers (Junior Fellowship: Dr. Luc Dossa)

Bewilligung: 17.04.2011

Propagation, cultural practices, genetic and biochemical diversity of two medicinal plant species, Croton membranaceus and Cryptolepis sanguinolenta (Junior Fellowship: Dr. Naalamle Amissah)

Bewilligung: 08.02.2011

Potential of endophytic fungi for controlling pests and diseases in traditional cacao agroforests of Cameroon (Junior Fellowship: Dr. Hervé Bisseyeu)

Bewilligung: 08.02.2011

Screening polyextremophiles for biomineralization of organochlorine pesticide stockpiles in Kenya (Junior Fellowship: Dr. Benson Wamalwa)

Bewilligung: 08.02.2011

Capturing the carbon sequestration value of coffee agroforestry systems in Uganda (Junior Fellowship: Dr. Susan Tumwebaze)

Bewilligung: 08.02.2011

Determination of groundwater vulnerability to climate variability and contamination in the Central Kenya Rift (Dr. Lydia Olaka)

Bewilligung: 08.02.2011

Modelling succession-disturbance dynamics for improving socio-ecological sustainability of savanna ecosystem: A case study of Park W, transboundary biosphere reserve in West Africa (Junior Fellowship: Dr. Patrice Savadogo)

Bewilligung: 08.02.2011

Assessment of the effects of chemical pollution on pollinating bats and bees - Strategies for maintaining ecosystem services and honey production (Junior Fellowship: Dr. Bruno Djossa)

Bewilligung: 08.02.2011

Domestication and promotion of ackee in West Africa (Junior Fellowship: Dr. Marius Ekue)

Bewilligung: 08.02.2011

Koordination und die Abwicklung des Junior-Fellowship Programms

Bewilligung: 08.02.2011

Ecological and molecular studies on the conservation and use of Madagascar's endangered freshwater fishes (Dr. Roger Randrianiaina)

Bewilligung: 08.02.2011

Auswahlkonferenz "Natural Resources"

Bewilligung: 25.03.2010
