

Dr. Vitya Vardanyan

Adresse*	National Academy of Sciences of Armenia Institute of Molecular Biology Molecular Neuroscience Group 7 Hasratyan str. 0014 Yerevan
Fachgebiet	Neurowissenschaften
Spezialgebiet	Biophysics
persönliche Website	http://www.molbiol.sci.am/resun_molneurology

Projekte

Practical training in molecular and cellular biology to advance education and research at two strategic universities in Armenia - Armenian National Agricultural University and Armenian State Pedagogic University

Bewilligung: 15.08.2021

Functional regulation of Kv2 and KCNQ1 voltage-gated potassium channels by intracellular divalent cations (extension)

Bewilligung: 19.12.2016

Investigation of Modulation Mechanism of KCNQ1 Potassium Channels by Intracellular Calcium Ions

Bewilligung: 27.09.2012
