

Prof. Dr. Marc-Thorsten Hütt

Adresse*	Constructor University Department of Life Sciences and Chemistry Computational Systems Biology Campus Ring 1 28759 Bremen
Fachgebiet	Physik
Spezialgebiet	statistische Physik biologischer Systeme

Projekte

Reverse network science: If somebody gives you a network, how do you find out what it is for?

Bewilligung: 01.03.2021

Symposium: Emergence and Design of Robustness: General Principles and Applications to Biological, Social and Industrial Networks.

Bewilligung: 03.12.2009

Symposium: A complex systems view on production and distribution networks

Bewilligung: 17.02.2009

Impact of motif content on dynamic function of complex networks

Bewilligung: 29.03.2007
