Projekte

Aus- und Weiterbildungsmaßnahmen für das NTD-Fellowship-Programm (2016 - 2018)

Bewilligung: 17.12.2015

Senior Fellowship for Dr. Eduardo Samo Gudo: Epidemiological and Entomological Investigation of Dengue and other Arbovirus in 11 districts in Mozambique

Bewilligung: 17.12.2015

Annual General Assembly Meeting 2015 for the "African Research Network for Neglected Tropical Diseases (ARNTD)"

Bewilligung: 23.08.2015

African Research Network for Neglected Tropical Diseases (ARNTD)

Bewilligung: 02.07.2015

Senior Fellowship for Dr. Nilsa de Deus: The effect of rotavirus vaccine in gastroenteritis hospitalization and rotavirus evolution in Mozambique (pre and post vaccination introduction study)

Bewilligung: 25.11.2014

Extension for Dr. Themba Mzilahowa: Vector competence and filariasis transmission in Malawi: understanding the low LF parasite prevalence

Bewilligung: 25.11.2014

Senior Fellowship for Dr. Elia Mmbaga: Mass Drug Administration for Prevention of Female Genital Schistosomiasis and HIV Infection in Lower Moshi, Kilimanjaro Tanzania

Bewilligung: 25.11.2014

Extension for Dr. Pauline Mwinzi: Control of schistosomiasis in an urban setting: Closing the gap

Bewilligung: 25.11.2014

Senior Fellowship for Dr. Ayodeji Olayemi: Molecular Epidemiology of Primary Lassa Fever Transmission: Unravelling the Virus-Rodent Relationship in Key Endemic Areas within Nigeria

Bewilligung: 25.11.2014

ARNTD Conference 2014

Bewilligung: 07.08.2014

Vorbereitung des "African Research Network for Neglected Tropical Diseases (ARNTD)"

Bewilligung: 24.06.2014

Development of Genetic Markers for Early Detection and Monitoring of Ivermectin Resistance in Onchocerca volvulus and Standardization of Molecular Assay for Identification of Onchocerca spp. (Osei-Atweneboana: Extension)

Bewilligung: 18.11.2013

Interferon-gamma and Human Leukocyte Antigen-G genes promoter unravel for a better understanding of susceptibility to Human African Trypanosomiasis (Koffi: Senior Fellowship)

Bewilligung: 18.11.2013

EFINTD Discussion Group Meeting: "Establishment of an African Academy in Neglected Tropical Diseases" (4.-7. August 2013, Kumasi/Ghana)

Bewilligung: 04.03.2013

Morbidity and mortality burden of neonatal bacterial meningitis and sepsis in a rural Manhiça, southern of Mozambique (Travel Grant: Dr. Betuel Sigaúque)

Bewilligung: 08.05.2012

Immune modulation in Schistosoma mansoni infections and effects on immune responses to childhood immunisation (Senior Fellowship: Dr. Robert Twyongyere)

Bewilligung: 17.04.2012

Geographical Information System, Bayesian Geostatistics and Co-spatial Distribution of Schistosomiasis and Soil Transmitted Helminthiasis in Nigeria (Senior Fellowship: Dr. Uwemedimo Ekpo)

Bewilligung: 17.04.2012

Generating regional rotavirus vaccine strains through reverse genetics to alleviate viral diarrhoea in Africa (extension: Dr. Hester O'Neill)

Bewilligung: 17.04.2012

Analysis of genetic polymorphisms of cytokines, vascular endothelial growth factors (VEGFs) and VEGF receptors in disease manifestations in lymphatic filariasis (Senior Fellowship: Dr. Alexander Debrah)

Bewilligung: 17.04.2012

Prevalence and Molecular Epidemiology of Arbovirus Among Mozambican Individuals with Acute Febrile Syndrome (Junior Fellowship: Dr. Eduardo Samo Gudo)

Bewilligung: 16.04.2012

Cost-effectiveness and Sustainability of co-implementation of Community-directed Treatment for Schistosomiasis and Soil Transmitted Helminth infections in Children and Pregnant Women in Zambia (Junior Fellowship: Dr. Hikabasa Halwindi)

Bewilligung: 16.04.2012

Burden of disease of Buruli Ulcer in the Democratic Republic of Congo and management of Large Buruli Ulcers (Travel Grant: Dr. Anatole Kibadi Kapay)

Bewilligung: 16.04.2012

Extent of co-existence of Trachoma with Schistosomiasis infections in Chikwawa District, Southern Malawi (Junior Fellowship: Dr. Khumbo Kalua)

Bewilligung: 16.04.2012

Investigation of the role of trypanolytic factor (TLF) genes in the control of trypanosome infection in humans (Pilot Study - Dr. Mathurin Koffi)

Bewilligung: 25.09.2011

Female genital schistosomiasis and HIV-1 infection in Lower Moshi, Kilimanjaro Tanzania (Junior Fellowship: Dr. Elia John Mmbaga)

Bewilligung: 24.07.2011

Comparative study of rotavirus infection between HIV positive and negative children less than 5 years with acute and severe diarrhoea (Dr. Nilsa de Deus)

Bewilligung: 06.10.2010

Development of genetic markers for early detection and monitoring of ivermectin resistance in onchocerca volvulus and its implication for onchocerciasis control (Dr. Mike Y. Osei-Atweneboana)

Bewilligung: 25.04.2010

Scaling up early detection and treatment to reduce buruli ulcer morbidity in the Asante Akim North District of Ghana (Dr. Anthony Samuel Ablordey)

Bewilligung: 25.04.2010

Ecology of Transmission of the Deadly Lassa Virus from Rodents to Man across Various Flashpoints within Nigeria (Dr. Ayodeji Olayemi)

Bewilligung: 25.04.2010

Vector competence and filariasis transmission in Malawi (Dr. Themba Mzilahowa)

Bewilligung: 25.04.2010

Implementation of community directed intervention (CDI) for schistosomes and soil transmitted helminthes (STH) in an urban setting: Western Kenya (Dr. Pauline Mwinzi)

Bewilligung: 25.04.2010

Koordination und Abwicklung des NTD-Fellowship Programms

Bewilligung: 25.11.2008

HIV-helminthes co-infection and immune interaction study in Mali (Travel Grant for Dr. Lansana Sangaré)

Bewilligung: 23.11.2008

Integration of mass drug administration strategies for three neglected tropical diseases in Malindi District, Kenya: Schistosomiasis, soil-transmitted helminthiasis and lymphatic filariasis (Senior Fellowship for Dr. Sammy Njenga)

Bewilligung: 23.11.2008

Development of a nationwide geographical information system database and Bayesian spatial predictive models for the control of Schistosomiasis in Nigeria (Junior Fellowship for Dr. Uwemedimo Friday Ekpo)

Bewilligung: 23.11.2008

Use of BALB/c mice genetically deficient in cytokine receptor genes to study the immunological mechanisms involved in the survival and development of Loa loa, O. volvulus and M. perstans filariae in the vertebrate host (Junior Fellowship for Dr. Nicholas Tendongfor)

Bewilligung: 23.11.2008

Does praziquantel treatment of schistosomiasis during pregnancy influence immune responses to S. mansoni infection among children born to the treated women? (Junior Fellowship for Dr. Robert Tweyongyere)

Bewilligung: 23.11.2008

Generating regional rotavirus vaccine strains through reverse genetics to alleviate viral diarrhoea in Africa (Senior Fellowship for Dr. Hester Gertruida O'Neill)

Bewilligung: 23.11.2008

Analysis of protective immune responses to Schistosomiasis in a primate model (Senior Fellowship for Dr. Thomas Kariuki)

Bewilligung: 23.11.2008

Genetic characterization of trypanosomes isolated from humans, tsetse flies and animal reservoirs in the Trypanosoma brucei gambiense-T. b. rhodesiense interface districts of Northern Uganda (Senior Fellowship for Dr. Enock Matovu and Dr. Anne Kazibwe)

Bewilligung: 23.11.2008

An assessment of the effects of gender on the quality of life of Human African Trypanosomiasis patients in Eastern Uganda (Travel Grant for Dr. Salome Bukachi)

Bewilligung: 23.11.2008

Study of the population genetic structure of Glossina palpalis palpalis: Implications in the improvement of the control strategies of sleeping sickness in central Africa (Junior Fellowship for Dr. Gustave Simo)

Bewilligung: 23.11.2008

**Immunological interactions between intestinal Helminths and Malaria in Cameroonian children:
Implications for the control of both parasitic diseases (Travel Grant for Dr. Viviane Helene Matong
Tchinda)**

Bewilligung: 23.11.2008

**Development of an oral regimen for treatment of Buruli Ulcer (Senior Fellowship for Dr. Richard
Odame Phillips)**

Bewilligung: 23.11.2008

**Analysis of genetic polymorphisms of cytokines, vascular endothelial growth factors (VEGFs)
and VEGF receptors in disease manifestations in lymphatic filariasis (Junior Fellowship for Dr.
Alexander Yaw Debrah)**

Bewilligung: 23.11.2008

**Differential diagnosis of febrile illness for arboviral infections in Nigeria (Travel Grant for Dr.
Marycelin Baba)**

Bewilligung: 23.11.2008

Auswahlkonferenz "NTD 2008"

Bewilligung: 20.01.2008
