

Dynamics of Daily-Life Adaptation in the Corona Crisis among Older Adults (CorAge)

Initiative: Corona Crisis and Beyond – Perspectives for Science, Scholarship and Society (beendet)

Bewilligung: 09.12.2020

Laufzeit: 1 Jahre 6 Monate

This project is focusing on the question how do older adults adapt in their daily lives to short- and long-term challenges of the COVID-19 pandemic. The aim is to identify resources and risk factors in older age that moderate the consequences of the pandemic and unintended outcomes of preventive measures advised for the public.
